Focus Your ATTENTION to Achieve your INTENTION !!!

With.....Sandee Mac

Paramount to our success as dowsers, healers and our success in life is the ability to effectively focus our mental attention. Sandee will teach several techniques to very specifically OPEN, FOCUS, and DIRECT your mental awareness, and perceptions.

In addition you will learn to use your intention to CAUSE the EFFECTS you desire in your projects and your life. These skills will elevate your accuracy, precision and accomplishments in dowsing, healing, manifesting and any other area you choose.

Finally you'll be given a powerful Tibetan technique to powerfully manifest in several Dimensions at the same time.

In this increasingly accelerated, computerized, high- tech world, why not up-grade the precision of your own incredible MIND? This class is great for anyone wanting more precision of thinking or clarity of mind.
